Selected Projects

AI-Assisted Website Processing Automation | Independent Project | 2026

- Developed a Python-based AI-assisted automation tool to process 600+ websites, reducing processing time from 6–8 hours to under 3 hours.

Web-Based Point-of-Sale System | Independent Project | 2026

- Built a web-based POS system for a small ice cream business to record and track orders, support order creation and fulfillment, and assist back-end sales operations.

New Product Introduction Video Campaigns | Project-Based Content Creation | 2026–Present

- Created video campaigns introducing new products to the local public, contributing to increased sales.

Professional Experience

Freelance Content Creator and AI Automation Specialist | Project-Based | April 2026–Present

- Create video content and campaigns for new product introductions, helping reach local audiences and contributing to increased sales.
- Build AI-assisted automation and business tools, including website-processing automation and a web-based POS system.

Customer Service Representative | Sutherland Global Services (GoDaddy) | January 2025–March 2026

- Resolved customer questions about invoices, charges, and account balances by explaining fees, payment options, and due dates.
- Investigated billing discrepancies and processed refunds, adjustments, or credits when appropriate.

Lead Processor (Remote) | Project Quote | August 2023–November 2024

- Processed incoming leads and assigned them to the appropriate category and contractor, supporting timely routing and quote handling.
- Reported system issues and shared client updates with team members to support consistent processing.

Flight Support Escalation Agent | TTEC Philippines (Priceline) | July 2022–August 2023

- Resolved escalated flight-support issues and analyzed outbound queue errors, collaborating with on-duty support to identify causes and solutions.

Flight Support Agent, Multi-GDS; Ground Support Agent | TTEC Philippines (Priceline) | September 2021–July 2022

- Supported customers with flight, hotel, and rental-car reservations, assessing needs and addressing service concerns.

Remote Proctor Specialist | RJ Globus Solutions (PSI) | June 2020–September 2021

- Verified candidate information during admission and guided candidates through remote testing for a smooth exam experience.

Customer Service Representative | Alorica Philippines (T-Mobile) | December 2018–May 2020

- Handled account, billing, sales, rate-plan, troubleshooting, and customer-retention inquiries.

Human Resource Assistant | Trust International Paper Corporation | June 2018–December 2018

- Prepared employment contracts and insurance reports, tracked probationary employee regularization, and maintained personnel files.

Inventory Analyst | Sose's Marketing Enterprises Limited | October 2016–June 2018

- Reconciled inventory, managed purchase and receiving orders and Unilab warehouse stock, updated SKU pricing, and prepared monthly sales, purchase, and returns reports using NetSuite Oracle and Excel.

Education

BS in Business Administration, Business Management | Holy Angel University | 2012–2016
